jQuery Message Bar

Introduction

Thank you for purchasing my item. If you have any questions that are beyond the scope of this help file, please feel free to email via my user page contact form [here](#). Thanks so much!

Included Files & Folders

The following files and folders are included in the package:

- Documentation Folder contains this help file.
- CSS Folder contains the stylesheets.
- CSS/dpMessageBar Folder contains the images used in this plugin.
- JS Folder contains the javascript files used.

Getting Started

The jQuery Message Bar is a professional and elegant plugin that adds a message bar to your pages.

Usage

Simply reference the relevant files at the head of your page like so:

```
<!-- Styles -->

<link rel="stylesheet" href="css/dpMessageBar.css" />

<!-- jQuery -->

<script type="text/javascript" src="js/jquery-1.5.2.min.js"></script>

<!-- required plugins -->

<script type="text/javascript" src="js/jquery.dpMessageBar.js"></script>
```

Initialitation

```
$(document).ready(function(){
    $( "#dpMessageBar" ).dpMessageBar( );
});
```

#dpMessageBar is the ID of the UL HTML Object that will use this plugin.

```
<ul id="dpMessageBar">
```

Diego Pereyra

info@dpereyra.com

```
<li>Message 1...</li>
<li>Message 2...</li>
<li>Message 3...</li>
<li>Message 4...</li>
</ul>
```

Options

loop

Signature:

```
$("#dpMessageBar").dpMessageBar ({loop: true })
```

Set whether to loop is active.

Default value is **true**

autoload

Signature:

```
$("#dpMessageBar").dpMessageBar ({autoload: true })
```

Set if showing the message bar when the page loads.

Default value is **true**

speedAnimation

Signature:

```
$("#dpMessageBar").dpMessageBar ({speedAnimation: 500 })
```

Set the speed animation in milliseconds (300, 500, 1000, 2000, etc) or "slow" and "fast".

Default value is **"slow"**

delay

Signature:

```
$("#dpMessageBar").dpMessageBar ({delay: 1000 })
```

Set the delay in milliseconds (300, 500, 1000, 2000, 5000, etc).

Default value is **3000**

loadDelay

Signature:

```
$("#dpMessageBar").dpMessageBar ({loadDelay: 3000 })
```

Set the delay in milliseconds (300, 500, 1000, 2000, 5000, etc) to show the bar. The parameter "autoload" must be false.

Default value is **0**

theme

Signature:

```
$("#dpMessageBar").dpMessageBar ({theme: "navy" })
```

Set the color theme. Possible values are: Cream, Navy, Green, Red, Chocolate

Default value is **"cream"**

showArrows

Signature:

```
$("#dpMessageBar").dpMessageBar ({showArrows: false })
```

Set if showing the arrows or not.

Default value is **"true"**

position

Signature:

```
$("#dpMessageBar").dpMessageBar ({position: "top" })
```

Set the position of the bar. Possible values are: top, fixed.

Default value is **"fixed"**

Using Links

You can use links on the messages normally:

```
<ul id="dpMessageBar">
  <li>Message 1... click <a href="#">here</a></li>
  <li> Message 2... click <a href="#">here</a></li>
  <li> Message 3... click <a href="#">here</a></li>
  <li> Message 4... click <a href="#">here</a></li>
</ul>
```

FAQ

Can I contact you to make changes?

Yes, of course, I'll be happy to help you

I get some error, what can I do?

Contact me via my user page contact form [here](#), I will solve it immediately.

Thanks

Once again, thank you so much for purchasing this item. As I said at the beginning, I'd be glad to help you if you have any questions. I'll do my best to assist.

If you have a more general question relating to the items on CodeCanyon, you might consider visiting the forums and asking your question in the "Item Discussion" section.
